CASE STUDY

Securing the Future: A K–12 School District Modernizes Campus Safety

COMPANY SNAPSHOT

Industry: K–12 School District | Education

This Texas-based school district serves a growing student population across multiple campuses. With a strong commitment to student well-being and safety, the district is continuously seeking ways to enhance its learning environment through innovative technology.

THE CHALLENGE

The district faced a growing challenge: students vaping in restrooms, exposing others to secondhand aerosol and creating supervision issues. Traditional monitoring fell short, and administrators lacked tools to intervene. They also identified gaps in physical security—limited camera coverage and outdated infrastructure hindered real-time response.

THE WEAVER WAY

Weaver Technologies responded with an integrated Verkada-based security solution designed specifically for the district's needs. The project included:

- Verkada hardware and software
- Strategic sensor placement
- High-definition security camera installations
- Structured cabling
- Ongoing installation support and consultation

PROJECT CAPABILITIES SHOWCASE

- Verkada Security Cameras & Sensors
- Real-Time Vaping Alerts
- Structured Cabling
- Campus-Wide Security Modernization

"

This wasn't just about cameras—it was about restoring safety and peace of mind. Verkada gave our team the tools they needed to act decisively, and our local presence allowed us to execute with precision.

Account Executive
Weaver Technologies

WHY WEAVER?

As a trusted local provider, Weaver's deep understanding of the district's operational needs and existing infrastructure enabled a fast, flexible deployment. Our ability to provide both the technology and cabling in-house allowed for seamless coordination and minimized disruption to campus operations.

THE RIGHT IT SOLUTION

Weaver delivered an all-in-one campus security system that included Verkada vape sensors and intelligent cameras with real-time alerting. This helped staff identify vaping incidents as they happened and respond quickly to ensure student safety.

THE RIGHT TIME: EXECUTION

The solution was installed during the summer of 2025 and is still ongoing, with sensors continuing to be optimized for coverage. Weaver's team worked directly with administrators to ensure proper placement, calibration, and training throughout the deployment.

OUTCOMES

- Incident Detection: Staff were able to actively monitor restrooms and catch vaping incidents in real time.
- Increased Control: The district gained new tools to secure and lock down high-risk areas as needed.
- Positive Feedback: School leaders expressed strong satisfaction with the performance and user-friendliness of the Verkada platform.
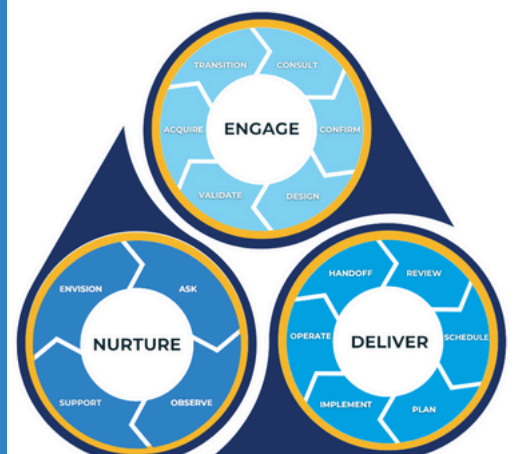

Our Philosophy: Safe Learning Starts with Smart Solutions

At Weaver Technologies, we believe a secure environment is essential for student success. That's why we partner closely with K–12 schools to deliver intelligent, scalable security solutions tailored to their unique needs, budget, and infrastructure.

From planning and device selection to cabling and system integration, we manage the entire process—making security simple to deploy and easy to manage. Our goal is to reduce complexity so schools can stay focused on educating students in a safe, supportive environment.

THE WEAVER WAY
Right Results. Right Way.

WEAVER

THE RIGHT REASON

At Weaver Technologies, we do more than deliver IT solutions—we support the mission behind them. Helping this district create a safer learning environment aligns with our core values of integrity, impact, and doing what's right. For us, success means knowing our work makes a real difference in the lives of students and educators.

WHERE CAN THE RIGHT IT SOLUTION TAKE YOUR ORGANIZATION?

Unfold the possibilities with Weaver Technologies. As a comprehensive IT solutions provider, we partner with diverse industries, turning challenges into success stories.

LEARN MORE ABOUT OUR TRANSFORMATIONAL IT SOLUTIONS HERE!

The Right IT Solution

We focus on creating the Right Solution for our customers. You will never find us pushing unneeded products.

The Right Time

We believe the Right Time will reveal itself if we take a patient and deliberate approach. We don't believe in pushy tactics.

The Right Reason

We believe integrity is real, that it is valuable and it's all about doing things for the Right Reason – the only way we know how.

KEY BENEFITS

- **REAL-TIME VAPING DETECTION FOR SAFER SCHOOLS**
- **EXPANDED CAMERA COVERAGE AND VISIBILITY**
- **FASTER, MORE EFFICIENT INCIDENT RESPONSE**
- **SCALABLE, FUTURE-READY INFRASTRUCTURE**
- **SIMPLE, LOW-MAINTENANCE SYSTEMS FOR STAFF**
